Description of Intervention
<p>The canteen’s energy usage can be reduced if the whole school community pack up a lunch once a week.</p>

Commented [ED1]: Provide a

Impact Measurement
<p>After the ‘Pack it up’ initiative is implemented, monthly electricity bills can be compared against baseline electricity consumption. (Speak to the ENERGE Project Team)</p>

Facilitators	Barriers
<p>The ENERGE platform will assist with monitoring the electricity use. Electricity bills</p>	<p>Demand for canteen stock will reduce and canteen staff will become ineffective for the</p>

Intervention Process

1. Choose a day a week where the 'pack it up' initiative is implemented.
2. Make staff and students aware by announcing prior to the day it takes place.
3. After a month or two, monitor electricity usage (using sensors and the ENERGE Platform) for canteen area and make note of any reductions in electricity usage.
4. If reductions have been identified, continue with the initiative all year round.
